

## News and Services of the Hekman Library –December, 2009

In an effort to make it easier to locate, you will now find this *database* listed under **NewspaperDirect Press Display**. Some of the many features of this resource are listed below:

- Front-page News—the front page offers categories such as Top News, Business, Sports, and the World in Pictures.
- Multi-title searching—users can search across all titles and the entire 60-day rolling archive.
- Full-page and custom area printing for all users. Article Rank is continually updated to reflect the most current reading preferences as determined by PressDisplay readers.
- Multilingual Interface - the interface is available in English, French, Russian, Italian, German, and Arabic.

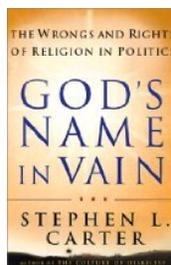

As you gather your research and begin writing, you might like to know the library has several style manuals available. We have copies of MLA, APA, and Chicago style manuals which are the three most common styles your professors will ask you to use.

In addition, the librarians have created a useful libguide. Check it out, it is full of useful information. <http://libguides.calvin.edu/citing>

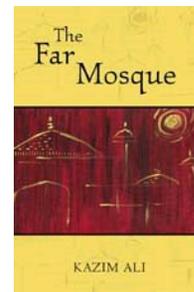

Don't forget you will find our own citation generator, listed on the Hekman Library homepage under [Research Tools & Collections](#).

Will you be attending the **FESTIVAL OF FAITH AND WRITING** in April? We have recommended reading list of books by featured authors complete with colored images of the book covers. It is available at the library's Help Desk. Even though new titles will be added over the next few months, we have several books currently available in different genres to choose from. We are still conducting a survey of our reference service. If you come to the reference desk and work with a librarian or Help Desk student, you may be asked to fill out the short online survey at your convenience. It should take no more than 5 minutes. Thank you to all who have already given us some feedback!
